CALIFORNIA WOMAN THRIVES IN THE MIDST OF CHALLENGE THANKS TO ISAGENIX®

Star Consultant Beverly Taylor says she stayed financially afloat thanks to her Isagenix® business.

Beverly Taylor experienced in one year what many never experience in a lifetime. First was a divorce and moving out of her 3,500 square-foot dream home. Then, her father's health took a turn for the worse and he became confined to a hospital bed at home with hospice care. Finally, she had to open and close her offices where she worked as a hypnotherapist due to all of her personal moving.

But while her world appeared to be crumbling, Beverly was not.

"Honestly, Isagenix® kept me afloat," the Star Consultant says. "I don't know what I would have done without it."

When introduced to Isagenix, Beverly was skeptical at first because of bad experiences she'd had with another company's sales tactics. Her mind was changed after listening to "Men Are From Mars, Women Are From Venus" author John Gray. She has also noticed the integrity of the

company's leaders, Master Formulator and Founder John Anderson and Co-Founders Jim and Kathy Coover and the quality and effectiveness of the products.

"I signed up for my health needs, but also thought this might be helpful for my clients," Beverly explains. "As a hypnotherapist, I always felt like I was only helping halfway — clients were receiving emotional and mental support, but their nutrition was on their own. I felt like this could be the other half I was missing."

As she began using Isagenix, she noticed a difference in her energy levels. The once avid dancer hadn't moved energetically in years because she felt like she had the "energy level of an 80-year-old." After taking the nutrient-rich products, in only a few days the vitality and energy she used to have returned and her mind felt like it had begun to clear. Beverly has been using products daily for years, receiving great benefits in her health and wealth. Her sister and parents also followed suit and began using Isagenix.

A few months after she and her husband decided to divorce, Beverly received the news that her father's health had declined. He was sent to the hospital, then home with hospice. By his side every day during the week, Beverly says she had a difficult time thinking about cooking or eating anything. Her Mars Venus™ Super Foods Shake for Women and IsaLean® Bars kept nutrition flowing through her body since they were easy to mix up or toss into her purse.

While her Isagenix business continued to flourish, with her earning rank steadily climbing near the top 100, Beverly moved in with her sister to live closer to her father. Beverly says the earnings from her Isagenix business provided the income to support her during the months that she stopped seeing clients and stayed with her father. She and her family are very grateful for the extra time she had to spend with her father, especially being able to meet with all of the doctors, nurses and caregivers during the week.

"Isagenix was life-changing and life-supporting on a physical, emotional and financial basis," Beverly says. "How many people have the luxury of dropping everything to spend every day with a dying parent while the income is still coming in?"

More than anything, Beverly wants the leaders of Isagenix to know how much they've impacted her life.

"There's no way I can thank everyone enough," Beverly says, choking back tears. "Look at all the benefits it gave me — how can you thank that big?"

Beverly is continuing to build her Isagenix business through her hypnotherapy practice in California and especially through her outstanding team.

Favorite products:

- Mars Venus Wellness Solution™
- IsaLean® Bar in Chocolate Crunch
- IsaDermix™ Hand & Body Hydrating Cream
- IsaKids® Essentials (for a little something sweet)

Tips for success:

- Get rid of limiting beliefs. Negatives like "I can't" will only hold you back.
- Go to as many training sessions as possible.
- Listen to the audio recordings in your Back Office.
- Do your homework. Understand how the products work. Try every product. Be a product of the products!
- Make sure you listen to the person's challenges first, then you can share the benefits of Isagenix® based on their specific needs.
